

Avocado Powder (80 mesh)

Cat. No. CDPE-02194

Lot. No. (See product label)

Size

80 mesh

Assay Method

HPLC

Certification

ISO, HALAL, KOSHER, EU Organic, USDA Organic, FAD, HACCP

Heavy Metals

Conform

Microbiology

Conform

Pesticides Residues

Conform

Shelf Life

24 months

Minimum order quantity

25 kg

Supply Ability

5000 tons

Introduction

Avocado powder is made following the process: Fresh Avocado Fruit→Squeeze Fruit Juice→Concentrate Fruit Juice→Spraying Dry. By using the advanced spray drying technology, the powder we produce is fine, free-flowing and good solubility in water. And the product smells like and has the same nutrients as the fresh avocado.

Application

- 1.It can be used as a heart-healthy alternative to butter, cream cheese, or mayonnaise.
- 2.It can be used to flavor ice cream or pie filling.
- 3.It can be used to make facial mask because of its vitamin C and vitamin E.
- 4.It can be used for hair treatment products because it can moisturize and help rejuvenate dry, damaged hair.

Product Advantages

1. No added pigments, flavors, preservatives.
2. Maximize the nutrient ingredients of the avocado.
3. Fine powder, natural color, fast solubility, no layering.

Storage

Keep well sealed, away from moisture, strong heat and sunlight.
